## Maths - Number and Place V alue

## Lesson sequence

1 Numbers to 20
2. Counting objects to 100 by making 10 s
3. Recognise tens and ones
4. Use a place value chart
5. Partition numbers to 100
6. Write numbers to 100 in words
7. Flexibly partition numbers to 100
8. W rite numbers to 100 in expanded form
9. 10 s and 1 s on the number line to 100
10. Estimate numbers on a number line

11 Compare objects and numbers
12. Order objects and numbers
13. Count in $2 \mathrm{~s}, 5 \mathrm{~s}$ and 10 s
14. Count in 3 s

## Sticky learning

New Knowledge

- To know the < sing means less than
- To know the > sing means greater than
- To know the place value of each digit in a two- digit number (tens, ones)
- To know that zero is used to represent nothing or an empty set of things
- To know that zero can be used as a place holder - to symbolise the absence of a value in a particular position e.g. In the number 20 , the zero represents no ones

## New Skills

- To count in steps of 2,3, and 5 from 0, and in tens from any number, forward or backward
- To compare and order numbers from 0 up to 100
- To identify, represent and estimate numbers using different representations, including the number line
- To read and write numbers to at least 100 in numerals and in words
- To use place value and number facts to solve problems
- To partition numbers in different ways (for example, $23=20+3$ and $23=10+13$ ) to support subtraction
subtraction

## New vocabulary I will learn

- Hundreds
- Zero
- Digit
- Multiple
- Pattern
- Rule
- One- digit number
- Two digit number
- Three- digit number
- Place value
- Represents
$\square$
$\rightarrow-$
■

## Vocabulary revision

- Number
- Ones
- More
- Less
- Tens
- Odd
- More than
- Even
- Less than
- First
- Most
- Second
- Least
- Third
- 'Teens' number
- Fewer
- Part
- Partition

## Concept Links/Prior Knowledge

- To know all the numbers up to 100
- To know that equals means the same as
- To know the language of: equal to, more than, less than (fewer), most, least
- To know that even numbers are numbers ending in 2,4,6,8 and 0
- To know that odd numbers are numbers ending in 1,3,5,7 and 9
- To know that a number bonds join numbers together to make another number
- To know the number bonds up to 20
- To count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number
- To count, read and write numbers to 100 in numerals
- To count in multiples of twos, fives and tens
- To identify and say one more and one less than a given number
- To identify and represent numbers using objects and pictorial
representations including the number line
- To read and write numbers from 1 to 20 in numerals and words
- To connect counting ( 12,3 ) to ordering (first, second, third) and counting of objects (1 banana, 2 apples, 3 pears)
- To begin to recognise place value in numbers beyond 20 by reading, writing, counting and comparing numbers up to 100
