**silent letters**

**elision**

There are many last consonant silent letters in French. The final letter 's' is silent in the words 'Paris' and 'Londres'.

Elision is a type of contraction. The last letter of a word is dropped and replaced with an apostrophe. It is attached to the word that follows beginning with a vowel, so 'je' becomes 'j' as in 'j'habite' as an 'h muet' acts like a vowel in 'habite'.
