

Your home learning menu gives you the option of picking an area of learning each week based on your interests. Upload your learning onto Google Classroom each week. Some activities do not require written work as evidence - do what works for you!

Every week, you must:

- Daily reading
- Daily Timestables practice
- One activity from the menu below

'Hola Mexico!' Menu

There are 5 groups of animals - mammals, birds, amphibians, reptiles and fish. Can you create a booklet which includes as many animals from each?

Using a smartphone, use Google 3D animals to explore having a 3D animal in your front room. What was your experience like? Did you enjoy it?

Create a word search with some of the vocabulary about the Olmec.

What other historical events occurred at the same time as the Olmec?

Use a website like Skyscanner to explore how we would travel from London to Tulum. How much would this cost? Find three different routes.

Can you draw a map of Mexico with some of the important landmarks?

Create a small model of an Olmec colossal head using items that you'd find at home eg foil, paper.

Draw a portrait of a Mexican coast skyline. If you'd like to challenge yourself, add some further detail such as people or boats

Using 'Paint' on your computer, can you edit and change an image of your choosing? Copy an image over from Google and then get to editing!

What are the dangers of photo editing?

Can you create a popup book including people you are closest with?

Can you learn and singalong to the NSPCC Pantosaurus song?

Complete a run with a member of your family or a friend - how far did you manage to go?

Can you create your own gymnastics routine?

Draw and label a mosque

Create a presentation about how Humanism differs from your own religion.
